Marketing & Advertising student (May 2027) combining campaign analytics (Meta Ads, Google Ads, GA4), AI automation, and bilingual customer engagement to drive measurable growth.

EDUCATION

Johnson & Wales University, Charlotte, NC *2022 – Expected May 2027*

B.S. Marketing & Advertising — Concentration in Organizational Leadership & Leadership Development

Certifications: AI for Marketing (UNC Charlotte / Ziplines, 2026) · SAS Data Literacy · Excel Skills for Business: Essentials (Macquarie University) · Intro to Programming (Kaggle, 2026)

Honors: Dean's List, Sophomore & Junior Year (4 semesters; 3.5+ GPA each term)

PROFESSIONAL EXPERIENCE

Sherwin-Williams, Twin Cities District, MN *May 2026 – Aug 2026*

Management & Sales Intern

- Selected for a district-wide internship project to grow engagement with Spanish-speaking Pro contractor customers; co-developed the "Dímelo Playbook," a bilingual customer-education concept built from survey data, contractor interviews, and internal stakeholder insights
- Presented strategy and results to district leadership; the project placed 2nd out of all district internship teams
- Supported daily revenue generation through consultative selling with Pro contractors and retail customers, plus store operations including inventory and order coordination
- Volunteered with Hearts & Hammers, a Sherwin-Williams community-impact initiative, painting a local resident's home alongside fellow interns

Johnson & Wales University, Charlotte, NC *Aug 2025 – Present*

Resident Assistant

- Lead community-building initiatives for 60+ residents within a 300+ student residential community, providing on-call emergency response, mentorship, and conflict resolution
- Design and execute 10+ data-informed programs per semester across wellness, education, and community-building themes, managing event budgets and logistics
- Drove a 15% increase in program participation, engaging 100+ students per semester

Soccer Genome & Independent Clients, Raleigh, NC *Dec 2024 – Present*

Performance Trainer & Marketing Associate

- Deliver personalized athletic training to a client base of 50+ athletes and families, building relationships that drive long-term retention
- Drive new client acquisition through social media content and referral marketing, supporting the organization's growth within the local community

Aptive Environmental, Raleigh, NC *Jan 2023 – Sep 2024*

Sales Representative & Route Manager

- Generated $217,932+ in revenue across two seasons in a high-performance, commission-based sales environment
- Increased customer acquisition by 20% while managing a portfolio of 150+ client accounts through CRM, focused on retention and upselling

LEADERSHIP & EXTRACURRICULARS

Johnson & Wales University Men's Soccer, Charlotte, NC *Aug 2023 – Present*

Team Captain (2026 season) · NCAA DIII Student-Athlete (3 seasons)

- Selected by coaching staff as captain to lead the full roster, setting the standard for discipline, accountability, and performance under pressure while balancing a full academic and internship schedule
- Program results: 25 of 28 student-athletes named to the 2025–2026 Coast-to-Coast Conference All-Academic Team

Student-Athlete Advisory Committee (SAAC), Johnson & Wales University *Aug 2024 – Dec 2025*

Advisory Member

- Represented student-athletes as a liaison between teams and the athletic department

MARKETING & BRAND PROJECTS

YETI Brand Identity & Sustainability Rebranding Analysis — Group project: analyzed YETI's brand identity and developed the proposed new brand elements and marketing program concept for a sustainability rebrand; scored 98, 95 and 93.75 across three phases

AI Brand-Reputation Monitor — Make.com, AI sentiment classification, Slack API: real-time workflow that monitors social comments, classifies sentiment, auto-generates responses to positive engagement, and routes negative feedback to Slack for human review

Fact or Fib — AI-Built Multiplayer Party Game — ChatGPT, Firebase: directed AI as developer to build and launch a real-time game for 2–8 players in 24 hours; fact-checked AI output, localized content into Latin American Spanish, and wrote bug reports; featured on the Handshake AI showcase (fact-or-fib.netlify.app)

MealCraft Kitchen — Marketing Analytics (Course Case Study) — Meta Ads, Google Ads, GA4: cross-channel performance analysis identifying conversion drivers, retention gaps, and acquisition inefficiencies; delivered as an executive-ready dashboard with a 30-day optimization roadmap
